LANDSLIDE FOR M'KINLEY; HE SWEEP THE STATES

Will Probably Receive 302 Electoral Votes to 145 for Bryan—Wins Four More States—Maryland Breaks Solid South—Republican Gains Everywhere—Both Houses of Congress Will Have Good Working Majorities—Bryanism Repudiated in the East and West.

Washington, D. C., Nov. 7.—President McKinley will begin his second term with both houses of congress strongly republican. Returns from states which elect legislatures and which elect United States senators indicate that the republican majority in the senate will be as large as it is now.

The house of representatives has been carried by a veritable republican landslide. The republican gains have not been confined to any section of the country. The east, the west and even the south have contributed to the increased republican majority. Districts have been carried that even the republican managers were disposed to concede to the democrats.

Returns from the legislative tickets in the several states have been delayed, making it impossible to give exact figures as to the strength of parties in the new senate.

Nebraska Against Bryan.

One of the most interesting senatorial situations is in Nebraska. Senator Allen, populist, fills one of the seats by appointment of the governor, which holds good only until the meeting of the legislature. The term of Senator Thurston, republican, will expire on March 3. Thus the legislature elected in Nebraska will have to elect two senators. A fusion legislature would return Senator Allen and would elect Mr. Bryan to succeed Mr. Thurston. If the latter returns bear out the indications of the earlier dispatches from Nebraska, Mr. Bryan has not only been defeated for the presidency but will be kept out of the senate as well.

The Pennsylvania legislature will be strongly republican. The supporters of former Senator Quay claim that his faction will be in the majority and that he will be returned to the senate. The anti-Quay men will not concede this and there is every prospect of a bitter factional fight when the legislature meets in Harrisburg.

Probable Contest in Illinois.

There will also be a contest in the Illinois legislature between Governor Tanner and Senator Cullom for the seat which the latter now holds. The probability is that some compromise candidate will be elected.

In the house the most important gains have been in the East—New York, Pennsylvania and Maryland being the chief contributors.

The west is so strongly republican in the present congress that no material gains could be expected in that direction. In the south little was expected, but the returns indicate that the democratic majorities have been greatly reduced in the Virginia districts and that probably one or more republicans have been elected.

Populists Are Scarce.

One of the striking features of the membership of the new congress is the small number of populists, silver republicans and fusionists who will hold seats in the senate and in the house. The election yesterday seems to indicate that the populist party has ceased to be an important factor in the politics of the country. The tier of states west of the Mississippi, in which populism had its greatest development, have returned, temporarily at least, to the republican column.

The republican victory in the congressional elections will have a most important bearing on the policy of the administration. With an opposition the hands of the president would have been tied. With a strong administration majority in both houses he will be able to carry out his policies at home and abroad. The country has given the republicans plenary power.

INDIANA IS STILL IN DOUBT.

Chairman Hernley However Says Victory Points to McKinley. Indianapolis, 10:30 a. m.—[Special.]—Chairman Hernley of the republican state central committee of Indiana says that the state is still in doubt, although indications point to a republican plurality of 12,000.

Three cities of the state are not as yet counted—Terre Haute, Greensburg and Evansville—all republican usually excepting Terre Haute. These cities will practically decide the question.

Chicago, Nov. 7.—William McKinley has been re-elected president and Theodore Roosevelt has been elected vice president of the United States.

The vote in the electoral college, if republican hopes of success in Kentucky and Nebraska are fulfilled, will be:

McKinley and Roosevelt..... 302.

Bryan and Stevenson..... 145.

This would be thirty-one more votes than McKinley and Hobart received in 1896.

Nebraska at this writing is certainly republican, and Kentucky, while claimed by both parties, is showing strong anti-Bryan symptoms.

In the far West the republican national committee is claiming Idaho and Montana.

McKinley and Roosevelt will probably have a plurality of 641,000 of the popular vote, which would be more than his plurality in 1896.

Nebraska Again Republican.

Bryan apparently lost his own state. Incomplete returns indicate that it has given 10,000 plurality for McKinley, although it is still claimed by the democratic managers.

The Nebraska legislature is probably republican, which prevents the plan of his friends to console him if defeated by sending him to the senate. Lincoln, his home town, went against him by 4,000.

McKinley Gains Four States.

McKinley has carried four other states than were carried by Bryan in 1896. In Kansas the democratic plurality of 12,269 has been changed into one for McKinley of 20,000; Washington will now give McKinley 6,000 while in 1896 it was carried for Bryan by 12,493. Wyoming reverses its former Bryan majority of 583 to a McKinley plurality of 5,000. South Dakota which was in doubt for days four years ago and finally won for Bryan by 183, is now known to have been carried by McKinley by over 3,000 plurality, and Pettigrew's defeat for the senate seems certain.

Bryan had one elector from California four years ago; now the state is solid for McKinley, giving him the Pacific coast as solid as the North Atlantic coast.

Kentucky in Doubt.

Of the states carried by McKinley in 1896 only Kentucky is in doubt. The republicans claim to have won it but assert that the democrats are relying upon the electoral of the machine through the Goebel law to throw the electors to Bryan.

The East is solid for McKinley. Pennsylvania leads with a majority that may reach 300,000. Early last evening the democrats realized that New York had been lost.

Where Bryan Is Disappointed.

The expected big gains in New York City did not materialize. Croker failed to keep his promises. Greater New York gives Bryan only 30,000 instead of the 75,000 his supporters had claimed as certain. Throughout the state the democrats made gains over 1896, but the republican majority is probably in excess of 175,000; which is more than had been claimed by the party managers.

New England failed to be frightened by the cry of imperialism. Massachusetts gives McKinley 50,000; Maine made good the promise of the September elections with 25,000; New Hampshire gives him 20,000; Vermont 25,000; Connecticut 20,000; Rhode Island 17,000.

New Jersey and Delaware remain republican the former by 60,000, while the blue hen's chickens gave the administration 1,500 plurality.

The central west is solid for McKinley who carries every state north of the Ohio and east of the Missouri. Wisconsin leads with 110,000; close behind is Illinois with 100,000; Iowa with 80,000; Indiana, 20,000; Michigan 65,000; Minnesota 20,000; North Dakota 7,000 and Ohio 60,000.

Outside of the south the only states carried by Bryan are Colorado, Montana, Nevada and Utah, the states that lead in the silver production, all of which show great democratic losses. Idaho is in doubt.

Solid South Broken.

Even in the South the majorities ap-

BRYANISM WIPED OUT IN STATE OF WISCONSIN

McKinley's Plurality Likely to Run Up to 125,000--La Follette Ran Up with the Head of the Ticket--Elect Ten Congressmen--Not More Than Twenty Democrats in the Legislature--The Democrats Concede That Another Landslide Has Struck Them.

Milwaukee, Wis., Nov. 7.—Wisconsin has more than equaled the expectations of the republicans. Upon the returns thus far received, which are from 600 precincts outside of Milwaukee, and include almost every county in the state, there is shown an increase over the plurality of 1896.

Upon the returns received Wisconsin will give McKinley 115,000. La Follette, the candidate for governor, has received a larger vote than McKinley in the precincts heard from, and, strange to say, Bohmrich, the democratic nominee shows an increase over the vote of Bryan. In 130 precincts McKinley gets 17,996, Bryan 7,952, La Follette, 18,983, Bohmrich, 7,980.

Chairman Bryant's Estimate. Chairman Bryant of the republican state central committee said today at 11 o'clock:

"From the returns that we have received there is no doubt but that Wisconsin has given McKinley and Roosevelt and La Follette 115,000 plurality. It is simply a confirmation of what we have claimed at all stages of the campaign, that the foreign born voters of Wisconsin could not be carried off their feet by Bryanism. There is not a natural gain upon the total vote in many of the counties, but there is hardly a voting precinct which does not show some gain for the republican ticket. We have not only elected our presidential and state ticket, but we send back to congress ten republican representatives and we have a good majority in both houses of the state legislature."

Ten Congressmen.

Chairman Ward of the democratic central committee still hopes that the republican majority has been reduced to 75,000; but he could give no basis for the claim and he refused to give out a statement.

The great republican plurality everywhere in the state assures ten republican congressmen from Wisconsin. The Second and Fourth districts, where it was expected that the congressional fight would be close, will show that Congressmen Dahle and Otjen are running even with the national ticket in every ticket, and wherever there is cutting it is in their favor.

Barney Cut in the Fifth.

The only republican congressman who has suffered because of cutting is Barney of the Fifth district. But meager returns received from this district thus far indicate that it would not be sufficient to make any change in

the political complexion of the delegation. Barney will probably run behind the presidential and gubernatorial tickets, but the republican vote is so heavy that it will carry him in spite of the terrific fight that was made upon him.

Weather Was Bad.

The great majority which the republican ticket received in the state would have been still larger were it not for the bad weather throughout the southern portion. The northern section of the state had an ideal day and the result is shown in the increased vote which was cast everywhere.

In Douglas county the vote for McKinley was 2 to 1 against Bryan. Everywhere through the northern portion of the state there are great gains. In the southern portion of the state the farming districts show a decreased vote. But, at the same time, the republican ticket maintained its average plurality up to the figures of 1896.

While the republicans have carried the state so overwhelmingly and will have an overwhelming working majority in both branches of the legislature, still it will not be as large as it was four years ago, as several districts where especially hard fights were made have elected democratic members of assembly.

La Follette Runs Even.

The variation of the vote as between candidates for president, governor and congress is trifling, with an indication that McKinley and La Follette have run an even race for the lead in the ticket of the state.

The democrats have made some important gains in some localities where they formerly had large majorities in German-American communities indicating a disaffection on account of the new questions that have been raised, but these apparently have been more than overcome by republican gains in republican counties and through the farming districts.

The total vote cast is liable to be somewhat smaller than that of four years ago.

May Run to 25,000.

Wisconsin gives McKinley and La Follette a plurality that will exceed that given for McKinley four years ago, 102,000, and which at this writing with almost every precinct showing republican gains, may be safely estimated at from 125,000 to 130,000.

Four years ago the republicans of

REPUBLICANS CLAIM NEBRASKA AND KENTUCKY

Indiana Is Given Up By the Democrats—Kansas Is a Clean Sweep—McKinley's Vote Will Be 292, Bryan's 155; a Gain of 21 For the Former—Result Staggers Bryan—Croker Condoles With Him—Chairman Jones Surprised—Republican Gains in Congress.

Chicago, Nov. 7.—With the coming of daylight and conservative estimates of the returns from the various states there seems to be no doubt whatever of republican victory in the states which were thought to have a betting chance either way.

McKinley's majority is so large that nothing but clean endorsement can be figured.

Bryan's standing is remarkable in Missouri where it was expected that he would run strong. This morning's figures from that state give Bryan a loss along the line. The city of St. Louis went democratic by 1,000. The normal republican majority is 15,000.

The best information now obtainable shows that the next house of congress will have 200 republicans, 149 democrats and eight independents.

Indiana was given up by the democrats after midnight.

The republicans carried both the state and national tickets in Kansas. Michigan South Dakota, Nebraska and Minnesota are undoubtedly republican.

M'KINLEY'S VOTE WILL BE 292.

Bryan Will Line Up With 155—Gain of 21 for McKinley.

New York, Nov. 7.—McKinley's vote in the electoral college will prob-

ably be 292 a gain of 21 votes over 1896. Indications point to Bryan receiving 155, as against 176 in 1896.

McKinley carried all the states that he did in 1896 except Kentucky where indications favor Bryan, but the republican count seems otherwise. McKinley captures Nebraska, Kansas, Utah, South Dakota, Washington, and Wyoming from the democratic column.

RESULTS STAGGER MR. BRYAN.

He Had Hoped at Least for a Popular Majority.

Lincoln, Neb., Nov. 7.—"To have been shot full of holes" is the way Bryan's friends refer to yesterday's election. The crushing defeat of the Nebraskan has brought deep gloom to the populist national headquarters. Bryan's cherished hope was a plurality of the popular vote whether successful or defeated and the blow staggers him.

The great republican gains in Lincoln and the state were least expected by Bryan. This morning it appears more than probable that McKinley has carried the state.

The fusionists yet hope to control the legislature which will insure Bryan.

CLEAN VICTORY IN STATE OF WISCONSIN

Milwaukee Did Her Share in Achieving This Result—Pluralities For Congressmen.

Milwaukee, Nov. 7.—The republican state ticket is elected in Wisconsin by about 115,000 plurality. All of the state officers are elected and with the exception of Mr. La Follette are serving their first term under Governor Scofield.

The city and county of Milwaukee did its share in the great republican landslide. The entire republican county ticket was elected.

The three state senators and ten assemblymen were elected by the republicans. Congressman Otjen was elected in the Fourth district and those portions of Milwaukee county in the Fifth district contributed their share towards the re-election of Congressman Samuel S. Barney over Charles H. Weiss.

The republican county ticket went in by nearly 9,000 votes with the ex-

ception of Theodore Zillmer the nominee for sheriff upon whom a special fight was made with the result that he ran behind his ticket but was elected by a majority of about 3,000.

The only counties in the state carried by the democrats were Calumet, Dodge, Jefferson, Manitowoc and Ozaucue.

The pluralities of the ten republican congressmen are approximately as follows: First district, H. A. Cooper, 11,000; Second district, Herman Dahle, 2,000; Third district, J. W. Babcock, 13,000; Fourth district, Theo. Otjen, 2,500; Fifth district, S. S. Larney, 6,500; Sixth district, J. H. Davidson, 7,000; Seventh district, John J. Esch, 11,500; Eighth district, Edward S. Miner, 8,500; Ninth district, Webster E. Brown, 16,500; Tenth district, John J. Jenkins, 14,000.

THOUSANDS CHEERED GAZETTE RETURNS

Excellent Service Flashed on an Eight-foot Canvas Gave the First Election Messages.

Upon an eighteen foot canvas on North Main street the Gazette last evening gave the results of the election till the early hours of the morning. A strong stereopticon machine threw the results from the editorial rooms on the second floor of the Gazette building to the canvas which was stretched on the opposite side of the street on a wire placed between telephone poles.

As fast as a message was received it was placed on glass slides, which were then inserted in the stereopticon machine.

As early as 7 o'clock in the evening crowds began to assemble on North Main street. At 9 o'clock fully a thousand people lined the street cheering each return as flashed on the canvas. Pictures of President McKinley and W. J. Bryan were displayed and loudly cheered by their respective admirers. Moving pictures and a hundred stereopticon views helped to amuse the crowd.

The first message from New York state was received by the Gazette and given to the public long in advance of any other service in the city. The Gazette had made special arrangements with the Wisconsin Long Distance Telephone company, the Western Union, the Postal Telegraph and the Rock County Telephone company. As early as 7 o'clock returns were received over the Wisconsin telephone lines and the Western Union. This service was perfect, and Manager Slater and Manager Carpenter handled every message in regular order and with lightning rapidity.

The Gazette service was fully appreciated by the large throng irrespective of party, who gave frequent and prolonged applause. The stereopticon machine worked perfect and was in charge of L. A. Williams of this city.

Kindness on the part of Manager Slater of the Wisconsin Telephone company resulted in placing the eighteen foot canvas in an excellent location, so that all could see the returns as fast as flashed.

EXPRESS AGENT AT GREEN BAY GONE

United States Company is Looking for J. A. Burr, Jr.—Over \$5,000 Is Missing.

Milwaukee, Nov. 7.—John A. Burr, Jr., the night transfer agent of the United States Express company at Green Bay, has disappeared. It is charged by officials of the company that there is missing \$5,000 or \$6,000, but so far the exact amount has not been determined. He was last seen Saturday night, but the express officials did not learn that there was anything wrong until Monday, when money packages failed to arrive at their destinations.

The express company has a large force of men looking for the missing man, and the regular police officials are also at work. E. S. Averill, the general superintendent, came to Milwaukee yesterday morning to investigate the case, and J. H. Owens of this city, a route agent for the company, went to Green Bay Monday night to take up the hunt.

BRYANISM WIPED OUT IN WISCONSIN

Continued From Page 1.

Wisconsin repudiated free silver and the other special features of Bryanism, and yesterday it emphasized its verdict then expressed by greatly increasing its republican pluralities in every part of the state.

Conceded by Warden.

Chairman A. F. Warden of the democratic state central committee said this morning that Wisconsin had gone republican by about 75,000. National Committeeman T. E. Ryan also conceded the state to the republicans. He fixed the plurality at 80,000. Ex-State Chairman E. C. Wall said that the state had gone republican by about 80,000. All three conceded the election of the ten congressmen in the state.

Last of Bryanism in Wisconsin.

See that our Private-Recipe Stamp covers the neck of the bottle.

A Foe to Stomach Troubles.

HOSTETTER'S STOMACH BITTERS

The Bryan democracy of the state, rejected by the veterans of the party, is again repudiated by the people of the state and the new leadership, with its populist vagaries, is buried beyond the hope of resurrection, leaving the party and the men who long represented it in Wisconsin to get together again and recover it from the discredited and repudiated hands into which it has fallen. There is nothing left of the Bryanized party in this state and now its old leaders with new ones, will doubtless prepare for a fresh start, after throwing off the members of populism.

The Legislature. The indications are that not a single democratic state senator has been elected and the only two democrats in that body will be the two who will hold over—H. I. Weed, Winnebago, and Michael A. Jacobs, Dodge. In the assembly the democrats will not have to exceed twenty members.

GEN. GOMEZ HAS RETIRED IN CUBA

Says His Mission Closed with the War—Cuban Constitutional Convention Being Held.

Havana, Nov. 7.—The Cuban constitutional convention, which met yesterday in the Martia theater, reassembled this afternoon at 2 o'clock. The first business was the adoption of a resolution to send to President McKinley the following telegram:

"The Cuban Constitutional convention has the honor and satisfaction respectfully to salute the president and congress of the United States and to express sentiments of gratitude to the American people."

Two committees were appointed, one on credentials and the other on rules. Probably several days will elapse before the permanent organization is effected.

Gen. Gomez, in a letter to the Havana papers, says he will not accept office under the Cuban rule.

WOMEN GATHER AT RACINE TODAY

Wisconsin Federation in Session There. Mrs. Ford of Janesville to Read a Paper.

Racine, Wis., Nov. 7.—Action that will probably shut out the threatened open discussion of the color line incident at the Milwaukee biennial in June was taken by the executive board of the Wisconsin State Federation at its session here last night, in the adoption of a recommendation to the convention, suggesting the appointment by the chair of a committee on resolutions, five in number, to which shall be referred all resolutions brought before the federation.

The convention opened this morning with about 500 delegates in attendance. In the program this afternoon Mrs. J. L. Ford of Janesville will read a paper on "School Luncheon."

MADISON STUDENTS ARE CHALLENGED

University Republicans Compelled to Swear in Their Votes by Democratic Managers.

Madison, Nov. 7.—A large number of the republican students in the university were compelled to swear in their votes, the democratic managers fearing that the effect of the big republican majority among the students on the democratic candidates for congress and the assembly.

Every young man who was suspected of being a student especially in the Fifth, or university ward, and who was not known to be democrat, was challenged, and the democratic challenger sought to use bullying tactics.

But well-known republican lawyers, graduates of the university, were on hand and insisted on the law being followed, and the effort to prevent the students voting was practically abandoned.

pear decreased, although definite returns are lacking from the most of them. The break in the solid south made four years ago continues, Maryland giving over 15,000 plurality, while Kentucky apparently is republican.

Republicans made large gains in the West and in the agricultural regions of the East but suffered losses in many eastern cities and towns. The gains in the west have been so large that the republican national committee at 1 a. m. were claiming Idaho and Nevada, states in which McKinley's chances were thought to be slight before election.

Congress Is Republican.

President McKinley will be supported by an increased republican majority in congress. The senate will probably stand republicans, 53; democrats, 25; independents 11. The house of representatives will probably contain: republicans, 197; democrats, 151, and independents 8.

McKinley's majority, 137. Necessary to election, 224.

Washington, Nov. 7.—Congress will continue in republican control. President McKinley will have the aid of a loyal legislative body in solving the governmental problems of the next two years.

The republicans will have a good working majority in each branch of the fifty-seventh congress which will begin its life on March 4. In the house the majority will probably be increased from the thirteen of the present congress to twenty-one or more.

The senate promises to show little change from the present republican majority of twenty. It may drop to sixteen but on the other hand it may go as high as twenty-eight. These majorities will enable the republican party to enforce its policies and save the country from reactionary legislation.

IMPORTANT FEATURES OF THE ELECTION.

Iowa gives a republican plurality of 60,000. McKinley carried Maryland by a majority of 11,000.

Utah gives Bryan a reduced majority and elects a democratic state ticket.

McKinley's plurality in New York state is 120,000.

Wyoming has gone republican by 2,000 majority.

Entire republican ticket wins in North Dakota.

Managers of Lloyd J. Smith's campaign claim he is elected.

McKinley has carried Ohio by over 50,000.

California stands by McKinley by over 15,000 majority.

Indications are that Pettigrew has been defeated and McKinley has carried South Dakota.

The city of Toledo, "Golden Rule" Jones' home, gave McKinley 2,000 plurality.

It is almost certain that the republicans have the Ninth congressional district in North Carolina.

A conservative estimate places McKinley's plurality in Indiana at 30,000. The entire state and Marion county republican ticket is elected.

Ex-President Grover Cleveland, when seen relatively to the presidential election, said he had absolutely not a word to say, either on the election itself or as to the way he voted.

In response to a question as to the cause of McKinley's re-election Senator Hanna said this morning, "The people re-elected him because they wanted him. Americans did it."

Indications are that Bryan's plurality in Colorado will be from 30,000 to 40,000. Arapahoe county, including Denver, gives Bryan 6,000 to 8,000 majority.

Lancaster county, Nebraska, Bryan's home county, shows a republican majority of 6,000, a gain of 900.

Wisconsin again makes a magnificent showing and again emphasizes its steadfast opposition to Bryanism and all that Bryanism represents.

The prohibitionists on the basis of their returns claim big gains for their party over the vote four years ago for city, state and nation. Their total national vote was placed at 330,000 by Oliver W. Sewart, the national chairman.

REPUBLICANS CARRY COUNTY

Old Rock Comes in with
About 4,000 Major-
ity as Usual.

NOT A MAN IS MISSING

Janesville Assists with 625 Plu-
rality for McKinley---
Vote Fell Off a Little.

CLEAN SWEEP ON ALL SIDES

Yesterday was a republican land-
slide.
Returns from all portions of Rock
County, which have been pouring in
all day, show that in every instance
the republican candidates have been
elected.

McKinley, La Follette and Cooper
have carried the county by nearly
4,000. This will come near making
Rock the banner republican county of
the Badger state.

The returns show that very few split
tickets were voted which was one
point in favor of the republican candi-
dates. Even in the towns and cities
where the democratic candidates re-
sided their majorities were not nearly
as large as they were confident of get-
ting. McKinley's majority in the
county was somewhat smaller than in
1896. At that time he carried the city
by 717 and this year by 678, a loss of
44.

La Follette Ran Even.

So far as received the returns show
that La Follette has carried every town
and precinct in the county with the
exception of the fourth and fifth wards
in this city. Scofield's plurality in
the county in 1898 was about 2,722.
The returns so far received show
that La Follette's plurality is very
much larger.

Hon. J. M. Whitehead has also car-
ried the county by a large majority,
although somewhat less than the ma-
jority given him in 1896. His ma-
jority in the city is 500.

With many precincts, yet to hear
from Maltress, has a plurality of
about 2,500 over Clark.

Pluralities Are All Large.

A detailed vote cannot be given nor
can the pluralities of congressmen and
senators, but the pluralities are all
large. The vote on the balance of the
county ticket will not vary very much
from the vote given the head of the
ticket. While the reports have been
received from nearly every precinct in
the county in some instances they are
not complete, as in some cases only
the vote for president and governor
was given.

Outside the Fourth and Fifth wards
of the city of Janesville and in one or
two cases where the candidate re-
sided in the city or ward every pre-
cinct in the county went republican.

The city of Janesville gave McKin-
ley 678 plurality, La Follette 645,
Cooper 644, Whitehead, 500, Valentine
659, Maltress 631, Goldin 650, Jack-
son 679, Starr, 686, Rice 639, Booth 694,
Rowe 669, Kerch 1875.

Vote Fell Off Some.

Yesterday's vote in the city was
almost as large as in 1896. At that
time 3,087 votes were cast and yester-
day 2,945.

Beloit's total vote was about 3,525
and the republican candidates carried
the city without a skip. Even John
C. Clark was beaten by 754 votes.
Maltress received 1,586 and Clark
842. Clark ran way ahead of his
ticket almost doubling it.

The election returns have been slow
in coming in and the Gazette table
presented on another page is by no
means complete as the paper goes to
press at 4 o'clock. By tomorrow eve-
ning the political reporter hopes to
have the blanks filled out and present
a clear result.

MURPHY LEAGUE NEED MORE MONEY

Have Not Sufficient Funds to Carry on
the Work in This
City.

Members of the Francis Murphy Tem-
perance League report that their treas-
ury is empty. They are without means
to carry on the good work in Janesville.
In order to provide funds the League
will give an entertainment at the Y. M.
C. A. building on the evening of No-
vember 16. John H. Jones and Al.
Smith now have the work in hand and
they should receive hearty support from
the citizens of Janesville. The League
spend a large sum each year among the
intemperate class in trying to reform
them by securing them work after giv-
ing them food, clothes and the hand of
good fellowship.

Entertained at Luncheon.

of fourteen young ladies at a luncheon
at her home on Court street this after-
noon. The luncheon was given in honor
of Miss Mabel Bostwick and Mrs. Kea-
mey, who are visiting friends and rela-
tives in this city. The rooms were
handsomely decorated and the luncheon
was highly enjoyed by all present.

CROWDS PARADED
THIS MORNING

Cheering crowds paraded the down
town thoroughfares till midnight this
morning. In their eagerness to get the
latest returns from all parts of the
country, state and county, the masses
of men and boys moved from telegraph
to telephone office long after The Gazette
stereopticon had ceased to flash further
returns. After the burlesque show had
let out—and this was at 2 o'clock in
the morning—a crowd of about 200 pa-
raded the streets, blowing horns and
yelling for McKinley. At the Recorder
office all was in mourning. Hero J. L.
Mahoney, John Cunningham, and Isaac
Connors had locked themselves in Peter
J. Mout's private office and each was
weeping bitter tears. The blow almost
killed them.

From the Recorder office the crowd
moved up West Milwaukee street, and
near the Grand Hotel dispersed for their
respective homes. It was a wild night
long to be remembered.

of Interesting Cases
on Docket.

The November term of the Rock
county circuit court was called this
morning. The jury has been excused
till December 3. The number of inter-
esting cases on the November docket is
not numerous, although there are some
which will attract considerable interest
in all portions of the county. The court
house was a busy place this morning,
there being several attorneys on hand
from outside the city.

half pastor of All Souls church in this
city, and the divine who changed his

night, and returns home tomorrow.
During the past few days Rev. Wilson
has received many inquiries from out-
side Congregational churches, but as
yet no call has been extended him.

tokens were sent by sorrowing friends

for the deceased. The Rev. Dean Mc-
Ginnity preached the funeral service.

BURLESQUE SHOW WAS WARM AFFAIR

CURTAIN WENT DOWN AT 1:45
THIS MORNING.

Riot Was Narrowly Averted at the
Myers Grand Last Evening at 11
O'clock—The Crowd Was a Noisy
and Large One—There Was Not a
Woman in the Audience.

If ever a warm event was pulled off
in Janesville in the amusement line
it was the Bon Ton Burlesque company
which opened at the Myers Grand Op-
era house last evening.

Two performances were given. The
first took place at 8:30 o'clock and en-
ded at 10:30. But it was not the first
show that took the crowd. It was the
second. This event opened at 11:30
o'clock and closed at 2 o'clock this
morning amid yells that could be heard
as far north as Edgerton. It was the
crowd in attendance as well as the
show that made the event one long to
be remembered. At 11 o'clock a riot
was narrowly averted at the main en-
trance as the result of 500 men and
boys trying to gain admittance at one
time. The small foyer was packed to
suffocation.

Chief of Police Hogan and Officers
Brown and Benke did all in their
power to keep order but their hard
work had but little effect on the sway-
ing mass of yelling men and boys.
Before all were safe inside many hats
were broken and not a few men re-
ceived severe bruises as the result of
the crush.

At 11:25 o'clock every seat in the
house from gallery to pit was taken.
Not a lady was in the audience. The
boxes were occupied by prominent
business men.

Well known local residents with ten-
foot tin horns occupied the first two
rows in the orchestra circle.

Those who wished to smoke did so.
After the crowd had finished singing
a hot time and several other favorite
songs order was restored. Then Prof.
Thiele let loose his excellent orchestra
and for five minutes the crowd with-
ed in misery. When several unruly
democrats made a rush for the or-
chestra a small riot was averted only
by the prompt action on the part of
the police and the house management.

On the promise that there would be no
more music the crowd again return-
ed to their seats. Then up blazed
the foot lights.

Everybody brightened up in antici-
pation of the event of the evening.
Up went the curtain. The scene re-
vealed brought about 500 yelling men
to their feet. Wild yells filled the
air. The noise of fifty horns filled
the house. The first scene was a joy-
ful incantation entitled, "The Homely
Twins."

It was well named. Several
large, proportioned females filled the
stage and between yells from the
crowd managed to make themselves
heard as well as seen.

The remarks that were thrown from
the crowd would have made the fa-
mous Sam Jack blush had he been
present. It was bad. Real bad.
After a ten minutes of song and danc-
ing a foolish looking fellow came forth
and sang a song, "A Pipe Dream in
Our Puff."

No one injured this man and he was
allowed to return to his dressing room
unhurt. Then one of the company
tried to read election returns. He
was an hour behind with his news
and this the crowd would not stand
for. With uplifted hands Manager
Myers tried to restore order but it
did not go.

The crowd wanted the show and not
the returns. They knew McKinley
had been re-elected and that was
enough. They were there to see the
burlesque girls and for the show to
continue they yelled. The show then
went on and at two o'clock this morn-
ing the curtain went down on the
wildest scene ever enacted within the
walls of the Myers Grand.

FROM THE STATE CAPITALS.

Reversal of Pluralities in Western States.

SOME SURPRISING CHANGES.

Still Some Doubt as to Nebraska—Kansas Is, However, in the Republican Column—Latest Returns Given Out as the Count Proceeds.

The trans-Mississippi states surprised almost everybody by what looks like a complete reversal of the pluralities in 1896. It was not expected that Nebraska would go Republican at all, whereas it seems that McKinley has a small plurality. Kansas also reverses the verdict of 1896 with Utah, Minnesota and the Dakotas giving close Republican pluralities. In Iowa the Republican plurality of 1896 is somewhat reduced. Colorado and Montana seem to be for Bryan, although the latter is said to be yet in doubt. Idaho and Nevada are also said to be in some doubt, but are reasonably claimed by the Democrats.

The States of the middle west show Democratic gains. Ohio, Illinois and Wisconsin lead, while Michigan and Indiana also show gains for the Democrats.

The border states—West Virginia and Kentucky—are Republican again, the former having increased the plurality of 1896.

The Pacific slope states, Oregon, Washington and California seem safely Republican. Wyoming is said to be in some doubt.

The Democrats lost in the Southern States as compared with the vote of 1896. Missouri shows the greatest falling off, and up to a late hour was claimed by the Republicans. The Republicans also made gains in Texas, Georgia, the Carolinas, Florida, Alabama, Louisiana and Tennessee.

The following dispatches tell of the battle in the states composing the middle west, border, trans-Mississippi, mountain, slope, and southern groups: plank, one above the other.

THE MIDDLE WEST.

Illinois.

Chicago, Nov. 7.—Illinois has gone for McKinley by a plurality of 60,000 to 100,000, and the Republican state ticket has been elected. The Republican state committee claims that the state has gone Republican for the head of the ticket by 100,000; the Democratic state committee concedes McKinley a plurality in the state of 60,000 to 75,000. Returns from the state at large were scattering and did not indicate that Yates had run so far behind McKinley as to endanger his election. Len Smoll, who has had charge of the legislative end of the Republican campaign, claimed that the legislature would be Republican in both houses by at least as large a majority on joint ballot as was the last general assembly. He added that the scattering returns indicated that the Republicans would make a small gain in the lower house.

Secretary Nelson of the Democratic state committee at midnight claimed that the Democrats had elected 12 and possibly 13 congressmen in Illinois. He said the Democrats had carried the 2d, 3d, 4th, 5th and 6th, 13th, 15th, 16th, 17th, 18th, 19th and 20th districts.

Indiana.

Indianapolis, Nov. 7.—Steady and continued Republican gains in the precincts of the state indicate that McKinley has carried Indiana by a greater plurality than he did in 1896, when his plurality at this hour it seems safe to say at this hour that the Republicans have carried Indiana by not less than 20,000, and perhaps by more than 30,000. As usual, Indiana precincts are slow in making returns, but from close to 100 heard from it is felt that the Republicans cannot now lose the state.

Michigan.

Detroit, Mich., Nov. 7.—President McKinley has carried Michigan beyond doubt. Conservative estimates place his majority at 65,000. His majority in 1896 was 41,542. The Republican state ticket has also been elected, but by a smaller majority. It is thought that the Republicans have elected all their congressional nominees.

Ohio.

Cincinnati Nov. 7.—Almost complete returns from all parts of Ohio give McKinley a plurality of 40,000. Seventeen Republican congressmen are elected. John J. Santz is defeated in the Columbus district. The legislature is strongly Republican. The state and national tickets run about even.

Chairman Dick of the Republican committee in a statement issued at midnight claims the state by from 75,000 to 80,000 and says that the figures may reach 100,000 and possibly more.

Wisconsin.

Milwaukee, Wis., Nov. 7.—The Republicans have swept Wisconsin. Returns show that McKinley and LaFollette will carry the state by about 110,000, a gain of 8,000 over the big wave of four years ago. This insures the re-election of all the Republican Congressmen, with the possible exception of Barney in the Fifth district. While the defeat of Barney is possible by reason of the fact that he is running behind, it is not probable.

Minnesota.

St. Paul, Minn., Nov. 7.—The returns indicate that McKinley has carried Minnesota by 40,000, and that Gov-

ernor Lind, fusion, has been re-elected by a plurality ranging from 10,000 to 20,000. The latter's vote in St. Paul fell off 1,000, but Minneapolis, so far as reported, shows him holding his own. The Republicans have, so far as heard from, re-elected Heatwole in the Third district. Stevens in the Fourth, Fletcher in the Fifth and Morris in the Sixth. McKinley has carried Minneapolis by 7,000.

TRANSMISSISSIPPI STATES.

Nebraska.

Omaha, Neb., Nov. 7.—At 2 a. m. 325 precincts had been heard from and with the later returns come figures which encourage the fusionists in their avowal that Bryan will carry the state by a small plurality. They at least indicate that the early gains reported for McKinley will be materially cut down by returns from Douglas county, which has the largest assembly district delegation in the state, and which has always been Republican.

There is no doubt that the returns were a surprise to Mr. Bryan, who had calculated on securing a large part of the vote that has been classed as "silent." Up to the time definite returns began to arrive from New York his confidence remained unshaken. He returned from his farm cheerful at 5:30 o'clock. At 6:30 Mr. Bryan had dinner. By the time he had finished returns were arriving with great rapidity. The first came from Poughkeepsie, N. Y., and showed that the Republicans had gained a majority of 1,337. The second announcement was that the Democrats had carried Elmira, David B. Hill's home. Then began the bombardment of news of disaster in New York. Each of the bulletins seemed a little worse than the last. Out of all the messages there were few which offered consolation to those present desiring Mr. Bryan's success.

Iowa.

Des Moines, Iowa, Nov. 7.—The Republicans have elected their state and national tickets in Iowa by 60,000 plurality. One Congressional district—the Second—is in doubt, and Henry Vollmer, Democrat, is probably elected. The cities generally gave slight Democratic gains, which were offset by the rural Republican gains.

Kansas.

Kansas City, Mo., Nov. 7.—Chairman J. Macklove of the Democratic state committee of Kansas says: "I fear Kansas has gone with the rest of the country. I guess McKinley has carried the state and the whole Republican ticket." The Republican majority is placed at 10,000.

Rhode Island.

Providence, Nov. 7.—The Republican plurality is now estimated at 82,000.

STOVE ECONOMY

The cost of the stove isn't all there is of shrewd stove buying. The main point is the expense of running it. Many stoves look well and are sold at a reasonable price that in the end are very expensive. They don't give the heat. They use over much fuel. Half the heat goes up the chimney, making the half you get cost twice as much as it should. In our Acorn Base Burner every bit of fuel is utilized in making heat that isn't wasted. It is handsome in appearance and not high in price.

REPUBLICANS CLAIM NEBRASKA, KENTUCKY

Continued From Page 1.

an a seat in the United States senate.

As soon as Bryan learned of his defeat for president his first question was concerning the legislature. The race between Poynter, fusionist, and Dietrich, republican, for governor is very close.

Another sorrow for Bryan is the blow dealt to his friend Pettigrew in South Dakota.

Bryan cannot conceal his feelings. He looks disappointed and acts the part. He breakfasted at nine o'clock and said he got a full night's rest. He promised the public a statement soon to analyze the vote. He is out to the quick over the negative position of his townspeople. It is predicted he won't remain long in Lincoln. At 10:50 a state manager informed him that the Nebraska legislature is safely fusion. The contest is close however.

CROKER CONDOLES MR. BRYAN.

Nebraskan's Plurality in Greater New York Is Only 27,114.

New York, Nov. 7.—Croker's boast to carry New York by eighty thousand dwindles down to 27,114. The state goes republican by 152,386. McKinley came to the line with 179,500. The legislature is overwhelmingly republican. Croker has telegraphed Bryan condolences.

Ten Thousand Call on McKinley.

Canota, Nov. 7.—Ten thousand people surrounded Mr. McKinley's place at 12:30 this morning. He appeared on the front porch and thanked the people for the call at so late an hour and their endorsement. The band played "Yankee Doodle." McKinley starts for Washington this afternoon.

Kansas Safe for McKinley.

Topeka, Kan., ov. 7.—There is no doubt the republicans carried Kansas for both the national and state ticket.

Montana Is Democratic.

Butte, Mont., Nov. 7.—Montana is democratic fusion by a considerable majority. The fusionists will have control of the legislature when Clark comes up for election.

Republican Gains in Missouri.

St. Louis, Nov. 7.—Bryan's plurality is reduced from 58,000 to 40,000, while Flory, for governor, is believed to be 15,000, behind Dockery democratic.

West Virginia Is Close.

Parkersburg, W. Va., Nov. 7.—Indications point to the fact that McKinley has carried this state.

London Papers Are Jubilant.

London, Nov. 7.—The papers say

sixteen to one killed Bryan and are jubilant.

Chairman Jones Surprised.

Chicago, ov. 7.—Chairman Jones today was greatly surprised at the result of the election. "I attribute Bryan's defeat to the fear of business disarrangement and disturbances. The future of the democratic party will result in the vote of 1904," he said.

Indiana Surely Republican.

Indianapolis, Nov. 7.—McKinley's plurality in the state of Indiana is placed at from twenty-eight to thirty thousand. The republicans will probably have eleven out of thirteen congressmen.

Kentucky Is Still Uncertain.

Louisville, Nov. 7.—The republican committee at noon today claims Yerkes will win the missing counties by 5,000.

Ohio by 60,000 Majority.

Columbus, O., Nov. 7.—McKinley carries Ohio by sixty thousand majority.

Claim Victory For Yerkes.

Louisville, Ky., Nov. 7.—At eleven o'clock the republicans claim that Yerkes undoubtedly carried the state by fifteen hundred. The democrats contest the figures and claim that they will carry all but the Fifth, Eleventh and perhaps the Ninth congressional districts.

Gain in Congressmen.

Chicago, Nov. 7.—Chairman Babcock of the republican congressional committee said at noon that he was sure of a hundred and ninety-five republicans in the next house with sixteen or seventeen yet to hear from and those he expects to make the republican membership of the house two hundred and possibly more. The gain so far is: California, 1; Idaho, 1; Nebraska, 1; New York, 7; Ohio, 1; Pennsylvania, 6; Utah, 1; and the losses are probably one in Massachusetts, one in North Carolina and probably five in Illinois.

That fashion now sanctions ready-to-wear garments for all society events and for business wear, is a source of great satisfaction to many Janesville men, and a testimonial for the merits of modern methods of making men's clothing.

Now-a-days, as we do it, ready-to-wear garments mean but this: We have anticipated your measurement. Every desirable effect attained by custom tailors is put into the garment before we take your measure. You select the pattern, the style and other points desired.

There is a saving of time—VERY IMPORTANT frequently. There is no anxious fear that at the last moment, when you need the garment, you will find it not completed or unsatisfactory. Besides this there is the price saving—always an important point.

On the whole, the advantage seems to be on the side of the ready-to-wear garment.
